Supplemental Check for Defined Benefit Pension Recipients

The Trustees of the Operating Engineers Pension Trust have approved the issuance of a supplemental pension benefit for 2024 (also referred to as a **13th Check**).

This additional benefit payment will be issued the first week of December 2024.

All individuals who were retired on June 1, 2024, and were eligible to receive a pension benefit in December 2024 will receive the supplemental check. If your monthly pension benefit is being withheld or is suspended as of December 1, 2024, the supplemental check will not be awarded.

The supplemental check will match the amount of each eligible member's monthly pension benefit to a maximum benefit payment of \$500.00.
